

Honolulu, Hawaii

APR 08 2015

RE: S.C.R. No. 57  
S.D. 1

Honorable Donna Mercado Kim  
President of the Senate  
Twenty-Eighth State Legislature  
Regular Session of 2015  
State of Hawaii

Madam:

Your Committees on Energy and Environment, Health, and Public Safety, Intergovernmental and Military Affairs, to which was referred S.C.R. No. 57 entitled:

"SENATE CONCURRENT RESOLUTION EXPANDING THE TASK FORCE STUDY OF THE EFFECTS OF THE JANUARY 2014 FUEL TANK LEAK AT THE RED HILL UNDERGROUND FUEL STORAGE FACILITY, ESTABLISHED UNDER SENATE CONCURRENT RESOLUTION NO. 73, H.D. 1, REGULAR SESSION OF 2014, TO INCLUDE AN ADDITIONAL TWENTY-SIX UNDERGROUND FUEL STORAGE TANKS IN THE STATE OWNED BY THE UNITED STATES MILITARY,"

beg leave to report as follows:

The purpose and intent of this measure is to:

- (1) Expand the scope of the task force study on the effects of the January 2014 fuel tank leak at the Red Hill underground fuel storage facility, established under Senate Concurrent Resolution No. 73, H.D. 1, Regular Session of 2014, to include an additional twenty-six underground fuel storage tanks located throughout the State and owned by the United States military; and
- (2) Request the task force to submit another report to the Legislature to encompass the additional twenty-six tanks no later than twenty days prior to the convening of the Regular Session of 2016.

Your Committees received testimony in support of this measure from the Department of Land and Natural Resources, Department of Health, Board of Water Supply of the City and County of Honolulu, and United States Navy Region Hawaii Program.

Your Committees find that a task force was convened to study the effects of the underground fuel tank leak at the United States Navy's Red Hill underground fuel storage facility in January 2014. In addition to the United States Navy, other branches of the United States military own an additional twenty-six underground fuel storage tanks located throughout the State. The additional twenty-six underground fuel storage tanks should be added to the scope of the task force study in the interests of public health and safety given the gravity of the Red Hill storage tank conditions.

Your Committees have amended this measure by:

- (1) Eliminating language stating that a report of the task force recommends that the United States Navy should double-line fuel tanks within a decade and that the Red Hill facility should only exist if the facility is upgraded;
- (2) Inserting language that the task force concluded that the United States Navy intends to study secondary containment options and advanced leak detection technologies in collaboration with the Department of Health and the Environmental Protection Agency; and
- (3) Making technical, nonsubstantive amendments for the purposes of clarity and consistency.

As affirmed by the records of votes of the members of your Committees on Energy and Environment, Health, and Public Safety, Intergovernmental and Military Affairs that are attached to this report, your Committees concur with the intent and purpose of S.C.R. No. 57, as amended herein, and recommend its adoption in the form attached hereto as S.C.R. No. 57, S.D. 1.

Respectfully submitted on  
behalf of the members of the  
Committees on Energy and  
Environment, Health, and Public  
Safety, Intergovernmental and  
Military Affairs,

---

JOSH GREEN, Chair

---

MIKE GABBARD, Chair
